

HOW TO USE THE HOOVERETTE CLEANING TOOLS

AVAILABLE AS OPTIONAL EXTRAS

These tools greatly extend the range of whole-house cleaning and usefulness of your cleaner.

- (a) Double stretch hose
- (b) Carrying strap
- (c) Dusting brush
- (d) Crevice tool

For furnishings and stairs

Fit the double stretch hose to the end of the cleaner furthest away from the handle. Fit either the dusting brush or the crevice tool, as required. The extension tube which serves as part of the handle assembly can be attached to the hose to give extended reach.

Carrying strap

When using the Hooverette for cleaning furnishings and stairs, etc., the special carrying strap supplied enables you to carry out your cleaning tasks with the weight taken off your hands.

To assemble, squeeze the clips at each end of the strap and insert into the slots at each end of the handle. (Figs. 1 and 2.) The strap can be adjusted to the most suitable length for carrying over your shoulder.
